Management Discussion and Analysis Industry Structure and Developments

Overview:

As one of the world's largest economic sectors, Travel & Tourism creates jobs, drives exports, and generates prosperity across the world. The international travel and tourism industry continues to be one of the largest global industries and a major engine of economic growth. The total contribution of Travel & Tourism to GDP was INR15,239.6bn (USD234.0bn), 9.4% of GDP in 2017, and is forecast to rise by 7.5% in 2018, and to rise by 6.9% p.a. to INR32,053.3bn (USD492.2bn), 9.9% of GDP in 2028. This primarily reflects the economic activity generated by industries such as hotels, travel agents, airlines and other passenger transportation services (excluding commuter services). But it also includes, for example, the activities of the restaurant and leisure industries directly supported by tourists. The WTTC Report 2018 said India will add nearly 10 million jobs in the tourism sector by 2028 and that the total number of jobs dependent directly or indirectly on the travel and tourism industry will increase from 42.9 million in 2018 to 52.3 million in 2028. The Report has ranked India the seventh largest travel and tourism economy in the world.

As one of the world's largest economic sectors, Travel & Tourism creates jobs, drives exports, and generates prosperity across the world. In the annual analysis of the global economic impact of Travel & Tourism, the sector is shown to account for 10.4% of global GDP and 313 million jobs, or 9.9% of total employment, in 2017. The future of travel and tourism sector has huge potential to capitalise on the desires of the developing middle classes to see the world. The UN World Tourism Organization (UNWTO) suggests that international travellers will increase from a current 1.3 billion per year to 1.8 billion in the next 12 years and the latest forecasts from IATA show a doubling of air passengers from 4 billion to 7.8 billion by 2036.

Opportunities:

Foreign Tourist Arrivals (FTAs) during 2017 were 10.18 million with a growth of 15.6% over same period of the previous year. In the year 2016, there were 5.77 million arrivals of NRIs in India, with a growth rate of 9.7% over 2015. ITAs include both FTAs and Arrivals of Non Resident Indians (NRIs). In the year 2016, there were 14.57 million International Tourist Arrivals (ITAs) in India, with a growth rate of 9.7% over 2015 (source: Ministry of Tourism). Facilitative visa regime is a pre requisite for increasing inbound tourism. As on December, 2017, e-Visa facility had been extended to the nationals of 163 countries under 3 sub – categories i.e. 'e- Tourist Visa', 'e – Business Visa' and 'e – Medical Visa'. For creation of tourism infrastructure, the Ministry of Tourism has two major schemes viz. Swadesh Darshan - Integrated Development of Theme Based Tourist Circuits and PRASHAD Pilgrimage Rejuvenation and Spiritual, Heritage Augmentation Drive for development of tourism infrastructure in the country including historical places and heritage cities. The "Incredible India 2.0" Campaign of the Ministry was launched by the Hon'ble President of India on 27th September 2017, during the National Tourism Awards function. The 2.0 Campaign marks a shift from the generic promotions being undertaken across the world to market specific promotional plans and content creation. The Tourism Ministry is developing a new Incredible India website, leveraging the latest trends in technology for promotion and marketing of our country, to provide enhanced visitor experience with personalization and to realise the objectives of the Incredible India 2.0 campaign.

Threats:

There are concerns over the three-level implementation of GST in the hospitality sector and the government must bring in tax reforms to make India's tourism sector more competitive with other countries in the region. Economic risks, high capital costs, competition in the industry, poor infrastructure facilities and scarcity of land are the major barriers of entry in India for hotels. Competition is intense in metros, slowly picking up in tier-2 and tier-3 cities. Competition has picked up due to the entry of foreign hotel chains. Also, there is an increasing competition from the start-ups/online industry due to increasing penetration of the internet. However, the industry per se is highly sensitive to global crises, domestic government policies, acts of aggression with neighbouring countries, threats of terrorism.

Outlook:

It should be noted that that the base for tourism in India is still very low. The spurt in demand for hotel accommodation over the last few years has inflated hotel rooms in the country. However, a number of international brands across all hotel segments are planning to or have recently entered the Indian market. Furthermore, domestic hotel chains, too, are embarking on strong expansion and development plans across all hotel segments.

Independent Auditors' Report

To the Members of Graviss Hospitality Limited

Report on the Standalone Ind AS Financial Statements

We have audited the accompanying standalone Ind AS financial statements of Graviss Hospitality Limited ("the Company"), which comprise the Balance Sheet as at 31st March, 2018, and the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the state of affairs (financial position), profit or loss (financial performance including other comprehensive income), cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the state of affairs (financial position) of the Company as at 31st March, 2018, and its financial performance including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Emphasis of Matter

Without qualifying our opinion, attention of the members is drawn to Note 49 & 50, in view of the matter stated therein relating to the accumulated losses of two subsidiaries as at 31st March, 2018, keeping in mind the factors stated in the Note, there is no diminution in the value of investments in the subsidiaries and the loans given to the subsidiaries are considered good of recovery.

Other Matters

The comparative financial information of the Company for the year ended 31st March 2017 and the transition date opening balance sheet as at 1st April 2016 included in these standalone Ind AS financial statements, are based on the previously issued statutory financial statements prepared in accordance with the Companies (Accounting Standards) Rules, 2006 audited by us and our reports for the year ended 31st March 2017 and 31st March 2016 dated 2nd May, 2017 and 24th May, 2016 respectively, expressed an unmodified opinion on those standalone financial statements, as adjusted for the differences in the accounting principles adopted by the Company on transition to the Ind AS, which have been audited by us.

Our opinion is not modified in respect of these matters.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.

Annexure B

Annexure B referred to in the Auditor's Report to the members of GRAVISS HOSPITALITY Limited on the financial statements for the year ended 31st March 2018

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Graviss Hospitality Limited as of March 31st, 2018 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018 based on “the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India”.

NOTES FORMING PART OF THE BALANCE SHEET

NOTE NO 1

Company Overview

GRAVISS HOSPITALITY LIMITED was incorporated in 1959. The Registered Office of the Company is located at Pune. Its shares are listed in Bombay Stock Exchange (BSE). It is engaged in the hospitality business having one hotel in the name of Inter-Continental at Marine Drive Mumbai.

NOTE NO. 2

Basis for preparation:

The Financial Statements are prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (Act) read with Rule 4A of Companies (Accounts) Second Amendment Rules, 2015, Companies (Indian Accounting Standards) Rules, 2015; and the other relevant provisions of the Act and Rules thereunder. The Financial Statements have been prepared under historical cost convention basis except for derivative financial instruments, certain financial assets and financial liabilities which have been measured at fair value.

For all the periods upto 31st March 2017, the financial statements were prepared under historical cost convention in accordance with the accounting standards specified under Section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014. These financial statements for the year ended 31 March 2018 are the first the Company has prepared in accordance with Ind AS. Refer to note- 54 for information on how the Company adopted Ind AS.

The Company's presentation and functional currency is Indian Rupees and all values are rounded off to the nearest lacs (INR 00,000), except when otherwise indicated.

The Financial Statements were authorized for issue in accordance with a resolution of the directors on 17-05- 2018.

NOTE NO. 3

Use of Judgement, Assumptions and Estimates

The preparation of the Company's financial statements requires management to make informed judgements, reasonable assumptions and estimates that affect the amounts reported in the financial statements and notes thereto. Uncertainty about these could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in the future periods. These assumptions and estimates are reviewed periodically based on the most recently available information. Revisions to accounting estimates are recognized prospectively in the Statement of Profit & Loss in the period in which the estimates are revised and in any future periods affected.

In the assessment of the Company, the most significant effects of use of judgments and/or estimates on the amounts recognized in the financial statements relate to the following areas:

- a) Financial instruments
- b) Useful lives of property, plant & equipment
- c) Valuation of inventories
- d) Measurement of recoverable amounts of assets / cash-generating units
- e) Assets and obligations relating to employee benefits
- f) Evaluation of recoverability of deferred tax assets; and
- g) Provisions and Contingencies.

NOTE NO. 4

SIGNIFICANT ACCOUNTING POLICIES

A. Property, plant & equipment

- a) The cost of an item of property, plant and equipment is recognized as an asset only if it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably.
- b) Property, plant and equipment are stated at cost net of tax / duty credit availed, less accumulated depreciation and accumulated impairment loss, if any.
- c) The initial cost of an asset comprises its purchase price or construction cost (including import duties and non-refundable taxes), any costs directly attributable to bringing the asset into the location and condition necessary for it to be capable of operating in the manner intended by management, the initial estimate of any decommissioning obligation (if any) and the applicable borrowing cost till the asset is ready for its intended use.
- d) Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.
- e) An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds if any and the carrying amount of the asset) is included in the Statement of Profit and Loss when the asset is derecognised.

NOTES FORMING PART OF THE BALANCE SHEET

- f) Direct expenses incurred during construction period on capital projects are capitalised.
- g) The company has leasehold land which is a finance lease. The carrying amount representing the fair value (revalued before the date of transition to Ind AS) of the leased land, is recognized under Property, Plant and Equipment and is treated as deemed cost on adoption of Ind AS.

B Depreciation

- a) Depreciation on property, plant and equipment (except leasehold land) is provided on the straight line basis, over the useful lives of assets (after retaining the residual value of up to 5%). The useful lives determined are in line with the useful lives as prescribed in the Schedule II of the Act except in case of following assets which are depreciated over their useful life as determined by a Chartered Engineer and Valuer

Asset Description	Useful Life (Years)
Building	30
Air-conditioning plant, cooking machinery, security and fire fighting equipments	15
Furniture & Fixtures including interior design	8

- b) Residual value of building and vehicles is estimated at 5% of the original cost and at nil value for all other assets.
- c) Items of property, plant and equipment costing not more than Rs.5,000 each are depreciated at 100 percent in the year in which they are capitalised.
- d) Expenditure on major repairs and overhauls which qualify for recognition in the item of Property, Plant and Equipment and which result in additional useful life, is depreciated over the extended useful life of the asset as determined by technical evaluation.
- e) Depreciation is charged on additions / deletions on pro-rata monthly basis including the month of addition / deletion.
- f) No depreciation is charged on Land taken on lease, since the company has right to renew the lease for indefinite terms.

C Accounting for Leases

At the inception of an arrangement, the Company determines whether the arrangement is or contains a lease and whether it is a finance lease or an operating lease. If substantially all the risks and rewards incidental to ownership of the leased asset are transferred to the Company as lessee the arrangement is treated as a finance lease otherwise it is considered as an operating lease.

D Inventories

Inventories are stated at cost or net realizable value, whichever is lower. Cost of inventories comprises of expenditure incurred in the normal course of business in bringing inventories to their present location, including appropriate overheads apportioned on a reasonable and consistent basis and is determined on the following basis:

- a) Food and Beverages on weighted average basis.
- b) Stores and other operating supplies on weighted average basis.

Obsolete, slow moving, surplus and defective stocks are identified and where necessary, provision is made for such stocks.

E Revenue Recognition

Sale of goods and services: Revenue from the sale of goods and services is recognised when the significant risks and rewards of ownership of the goods/services have passed to the buyer. Sale value of goods/services is measured at the fair value of the consideration received or receivable, net of returns and applicable trade discounts or rebates.

Interest income is recognised using Effective Interest Rate (EIR) method.

Dividend income is recognized when the right to receive payment is established.

F Employee Benefits

Short term employee benefits are recognized as an expense at an undiscounted amount in the Statement of Profit & Loss for the year/period in which the related services are rendered.

The Company's post-employment benefit consists of provident fund and gratuity. The Company also provides for leave encashment which is in the nature of long term benefit.

Company's contributions to provident fund which is a defined benefit plan, are recognised as an expense in the Statement of Profit & Loss for the year/period in which the services are rendered. The Company's contribution to the Provident Fund is remitted to government provident fund authority based on a fixed percentage of the eligible employee's salary and charged to Statement of Profit and Loss.

The Company operates defined benefit plan for Gratuity. The cost of providing such defined benefit is determined using the projected unit credit method of actuarial valuation made at the end of the year. The Company has created an Employees Group Gratuity Fund which has taken a Group Gratuity Assurance Scheme with the Met Life Insurance company

NOTES FORMING PART OF THE BALANCE SHEET

Obligations on leave encashment are provided using the projected unit credit method of actuarial valuation made at the end of the year.

Actuarial gains and losses are recognised in other comprehensive income for gratuity and recognised in the Statement of Profit & Loss for leave encashment.

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

Past service costs are recognised in profit or loss on the earlier of:

- a The date of the plan amendment or curtailment, and
- b The date that the Company recognises related restructuring costs

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- a Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- b Net interest expense or income

G Borrowing costs

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing costs that are attributable to the acquisition or construction of qualifying assets (i.e. an asset that necessarily takes a substantial period of time to get ready for its intended use) are capitalized as a part of the cost of such assets till the month in which the asset is ready for use. All other borrowing costs are charged to the Statement of Profit & Loss.

H Foreign Currency Transactions

Monetary items:

Transactions in foreign currencies are initially recorded at their respective exchange rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at spot rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in Statement of Profit & Loss.

Non – Monetary items:

Non-monetary items that are measured in terms of historical cost are recorded at the exchange rates at the dates of the initial transactions

I Provisions, Contingent Liabilities and Contingent assets

- a) Provisions are recognized when there is a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expenses relating to a provision are recognised in the Statement of Profit & Loss net of any reimbursement.
- b) If the effect of time value of money is material, provisions are shown at present value of expenditure expected to be required to settle the obligation, by discounting using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.
- c) Contingent liabilities are possible obligations arising from past events and whose existence will only be confirmed by occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company, or present obligations where it is not probable that an outflow of resources will be required to settle the obligation or the amount of the obligation cannot be measured with sufficient reliability. Contingent liabilities are not recognized in the financial statements but are disclosed unless the possibility of an outflow of economic resources is considered remote.
- d) Show-cause notices issued by various Government Authorities are not considered as obligation. When the demand notices are raised against such show cause notices and are disputed by the Company, these are classified as disputed obligations.
- e) Contingent Assets are not recognised but reviewed at each balance sheet date and disclosure is made in the Notes in respect of possible effects that arise from past events and whose existence is confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company and where inflow of economic benefit is probable.

J Fair Value measurement

- a) The Company measures financial instruments at fair value at each balance sheet date.
- b) Fair value is the price that would be received on selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Company has access at that date.

NOTES FORMING PART

- c) While measuring the fair value of an asset or liability, the Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure the fair value using observable market data as far as possible and minimising the use of unobservable inputs. Fair values are categorised into 3 levels as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices that are observable for the assets or liability, either directly (i.e. as prices for similar item) or indirectly (i.e. derived from prices)

Level 3: inputs that are not based on observable market data (unobservable inputs)

K Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets**Initial recognition and measurement**

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in the following categories

Financial Assets at amortised cost

Financial assets at fair value through profit or loss (FVTPL)

Financial Assets at amortised cost

A financial assets is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows,
- and
- b) Contractual terms of the asset give rise on specified dates to cash flows, if any, that are solely payments of principal and interest, if applicable (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to trade and other receivables.

Financial assets which are considered as receivable on demand at any time, are not discounted on initial recognition and on subsequent measurement.

Financial assets at FVTPL

Any financial asset, which does not meet the criteria for categorization as at amortized cost is classified as at FVTPL.

Equity investments in subsidiaries

Investment in subsidiaries are accounted for at cost in standalone financial statements.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the balance sheet) when:

- a) rights to receive cash flows from the asset have expired, or
- b) The company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement? and either (a) the company has transferred substantially all the risks and rewards of the asset, or (b) the company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the company continues to recognise the transferred asset to the extent of the company's continuing involvement. In that case, the company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the company has retained.

NOTES FORMING PART OF THE BALANCE SHEET

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the company could be required to repay.

Financial liabilities

Initial recognition and measurement.

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables, loans and borrowings.

Subsequent measurement

Financial liabilities are measured subsequently at fair value through profit or loss.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method.

Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

This category generally applies to borrowings.

Financial liabilities which are considered as repayable on demand at any time, are not discounted on initial recognition and on subsequent measurement.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

L Classification of Assets and Liabilities as Current and Non-Current:

All assets and liabilities are classified as current if they are expected to be realised / settled within twelve months after the reporting period. All other assets and liabilities are considered as non-current.

M Impairment

Financial Assets

Loss allowance for expected credit losses is recognised for financial assets. The Company recognises life time expected credit losses for all trade receivables that do not constitute a financing transaction. For financial assets whose credit risk has not significantly increased since initial recognition, loss allowance equal to twelve months expected credit losses is recognised. Loss allowance equal to the lifetime expected credit losses is recognised if the credit risk on the financial instruments has significantly increased since initial recognition.

Non-financial Assets

At each Balance Sheet date, an assessment is made of whether there is any indication of impairment. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of the asset's or Cash-Generating Unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets.

When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

N Taxes on Income

Current Tax

Income-tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, by the end of reporting period.

NOTES FORMING PART OF THE BALANCE SHEET

Deferred tax

Deferred tax (both assets and liabilities) is calculated using the balance sheet method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised. The amount of deferred tax assets is reviewed at each reporting date.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Current tax and Deferred Tax items are recognised in correlation to the underlying transaction either in the Statement of Profit & Loss, other comprehensive income or directly in equity.

O Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

Diluted earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period, adjusted for the effect of all dilutive potential equity shares.

P Cash and Cash equivalents

Cash and cash equivalents include cash at bank, cash, cheques and draft on hand. The Company considers all highly liquid investments with a remaining maturity at the date of purchase of three months or less and that are readily convertible to known amounts of cash to be cash equivalents.

Cash Flows

Cash flows are reported using the indirect method, where by net profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities are segregated.

Q Government Grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is treated as deferred income and released to the statement of profit and loss over the expected useful lives of the assets concerned.

44. Amounts if any due to Micro, Small and Medium Enterprises under Micro, Small and Medium Enterprises Development Act, 2006 could not be disclosed as such parties could not be identified from the records of the Company.
45. The Company does not have any asset whose useful life if different from the significant part of that asset.
46. Due to losses, no provision for current tax has been made.
47. Current and non-current classification of assets and liabilities in the balance sheet has been made based on the professional judgement of the management.
48. Hospitality business is the Company's only business segment and hence disclosure of segment-wise information is not applicable under Ind AS 108 Operating Segments.
49. The Company has an investment in the equity shares of Graviss Catering Private Limited, a subsidiary, with a share capital of Rs. 7.65 lacs and has also granted interest free loans to the said subsidiary of Rs. 397.13 lacs. The accumulated losses of the said subsidiary exceed its net worth. In the opinion of the management, having regard to the long term interest of the Company in the said subsidiary and considering that the subsidiary is able to get regular orders of decoration and earn sufficient margin to meet the fixed costs, there is no diminution in the value of investments and the Company is also hopeful of recovering the loan.
50. The Company has an investment in the equity shares of Graviss Hotels and Resorts Limited, a subsidiary, with a share capital of Rs. 5 lacs and also has granted interest free loan to the said subsidiary of Rs. 6,925.42 lacs. The accumulated losses of the said subsidiary exceed its net worth. The said subsidiary had purchased lands at various places for developing hotels. Due to change in the business plans, the subsidiary is exploring to sell these lands alongwith the buildings constructed so far. In the assessment of the management, the market value of the lands acquired would be more than the original cost and hence there is no diminution in the value of investment and company is also hopeful of recovering the loan.
51. In the opinion of the management there are no indications that the assets of the company may be impaired as on the balance sheet date.
52. The Company has entered into a Business Transfer Agreement during the year for purchase of the catering business of Ice Hospitality Private Limited, (a related party) for a consideration of Rs. 750 lacs as a going concern on slump sale basis. The consideration of the sale has been adjusted against the amount receivable from Graviss Fast Foods Private Limited (another related party).

Financial risk management

The Company has exposure to the Credit risk, Liquidity risk and Market risk arising from financial instruments.

Risk Management Framework: The Company's Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Board of Directors has established the Risk Management Committee (RMC), which is responsible for developing and monitoring the Company's risk management policies.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits to control / monitor risks and adherence to limit. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

The Audit Committee oversees how management monitors compliance with the company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to risks faced by the Company. The Audit Committee is assisted by internal audit. Internal audit undertakes reviews of risk management controls and procedures, the results of which are reported to the Audit Committee.

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company's financial risk management policy is approved by the Board of Directors.

Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables.

Trade receivables: The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period.

Liquidity Risk:

Market risk is the risk that changes in market price such as foreign exchange rates, interest rates and commodity prices, will affect the Company's income or value of its financial instruments. Market risk is attributable to all market risk sensitive financial instruments including foreign currency receivables and payables, long term debt and commodity prices. The Company is exposed to market risk primarily related to foreign exchange rate risk, interest rate risk and commodity price risk.

NOTES FORMING PART OF THE BALANCE SHEET

Interest rate risk:

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing investments because of fluctuations in the interest rates, in cases where the borrowings are measured at fair value through the Statement of profit and loss. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing investments will fluctuate because of fluctuations in the interest rates.

Exposure to Interest rate risk:

Company's interest rate risk arises from borrowings. The interest rate profile of the Company's interest-bearing long term financial instruments is follows:

Particulars	31st March 2018 (Rs. in lacs)	31st March 2017 (Rs. in lacs)
Fixed-rate instruments		
Financial liabilities - measured at amortised cost	—	—
Variable-rate instruments		
Financial liabilities - measured at amortised cost	339	372
Total	339	372

Cash flow sensitivity analysis for variable-rate instruments: A reasonably possible decrease by 100 basis points in interest rates at the reporting date would have positive impact (before tax) by Rs 3.39 lacs and Rs. 3.72 lacs for the outstanding balances as on 31st March 2018 and 31st March 2017 respectively. Similarly a reasonable possible increase by 100 basis points in interest would have negative impact (before tax) by same amounts.

Currency risk:

The Company is exposed to currency risk on account of its operating and financing activities. The functional currency of the Company is Indian Rupee.

To the extent the exposures on purchases and borrowings are not economically headed by the foreign currency denominated receivables, the Company uses derivative instruments, like, foreign exchange forward contracts to mitigate the risk of changes in foreign currency exchange and principal only swap rates. Company does not use derivative financial instruments for trading or speculative purposes.

The Company evaluates exchanges rate exposure arising from foreign currency transactions and the Company follows established risk management policies including the use of derivatives like foreign exchange forward contracts to hedge exposure.

Exposure to currency risk:

The currency profile of financial assets and financial liabilities as on 31st March 2018, 31st March 2017 and 1st April, 2016 are as below:

Sensitivity analysis:

A reasonably possible strengthening of the Indian Rupees against USD at March, 31 by Rs. NIL would have positive impact (before tax) by Rs NIL and Rs NIL for the net outstanding balance as on 31-03-2018 and 31-03-2017 respectively. Similarly a reasonably possible weakening of the Indian Rupee against USD would have a negative impact (before tax) by same amounts.

Capital Management

For the purpose of the Company's capital management, capital includes issued capital, convertible instruments and reserves. The primary objective of the Company's Capital Management is to maximise shareholder value. The company manages its capital structure and makes adjustments, if any, required in the light of the current economic environment and other business requirements.

54. Disclosures as required by Indian Accounting Standard (Ind AS) 101 - First Time Adoption of Indian Accounting Standards

(A) First Time Adoption of Ind AS

The financial statements for the year ended 31 March 2018, are the first the Company has prepared in accordance with Ind AS. For periods up to and including the year ended 31 March 2017, the Company prepared its financial statements in accordance with accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP).

Accordingly, the Company has prepared financial statements which comply with Ind AS applicable for year ended on 31 March 2018, together with the comparative period data as at and for the year ended 31 March 2017. In preparing these financial statements, the Company's opening balance sheet was prepared as at 1 April 2016, the Company's date of transition to Ind AS. This note explains the mandatory exceptions and optional exemptions availed by the Company in restating its Indian GAAP financial statements, including the balance sheet as at 1 April 2016 and the financial statements as at and for the year ended 31 March 2017.

NOTES FORMING PART OF THE BALANCE SHEET

(i) Mandatory exceptions:

a) Estimates:

The estimates as at 1 April 2016 and 31 March 2017 are consistent with those made for the same dates in accordance with Indian GAAP (after adjustments to reflect any differences in accounting policies). The estimates used by the Company to present these amounts in accordance with Ind AS reflect conditions as at 1 April 2016, the date of transition to Ind AS and as at 31 March 2017.

b) Derecognition of financial assets & financial liabilities

The Company has applied the de-recognition requirements in Ind AS 109 prospectively for transactions occurring on or after the date of transition to Ind AS.

c) Classification and measurement of financial assets

The Company has classified the financial assets in accordance with Ind AS 109 on the basis of facts and circumstances that exist at the date of transition to Ind AS.

d) Impairment of financial assets

At the date of transition to Ind AS, the company has determined that assessment of significant increase in credit risk since the initial recognition of a financial instrument would require undue cost or effort, the company has recognized a loss allowance at an amount equal to lifetime expected credit losses at each reporting date until that financial instrument is derecognized.

(ii) Optional exemptions (allowed as per Ind AS 101)

a) Use of Deemed cost

The company has elected to use previous GAAP revaluation of leasehold land (finance lease) which is the carrying value of the said land under the previous GAAP as deemed cost on the date of transition to Ind AS.

The Company has elected the option of carrying value as deemed cost for all other Property, Plant & Equipment as at the date of transition to Ind AS.

b) The Company has elected to apply previous GAAP carrying amount of its investments in subsidiaries as deemed cost as on the date of transition to Ind AS.

c) Business Combinations

Ind AS 101 provides the option to apply Ind AS 103 prospectively from transition date and accordingly the Company has elected to apply the same prospectively from transition date.

A Defined Employee Benefit Liabilities

Both under Indian GAAP and Ind AS, the Company recognised costs related to its post-employment defined benefit plan on an actuarial basis. Under Indian GAAP, the entire cost, including actuarial gains and losses, are charged to Statement of Profit or Loss. Under Ind AS, remeasurements [comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets excluding amounts included in net interest on the net defined benefit liability] are recognised in OCI. Due to this, for the year ended 31 March 2017, the employee benefit cost is reduced by Rs 72 lacs and remeasurement gains/ losses on defined benefit plans has been recognized in the OCI.

NOTES FORMING PART OF THE BALANCE SHEET

B Deferred Tax

Under Ind AS, Deferred Tax items are recognised in correlation to the underlying transaction either in the Statement of Profit & Loss, other comprehensive income or directly in equity. Accordingly deferred tax relating to employee benefits as above is reclassified from Statement of Profit & Loss to Other Comprehensive Income. This adjustment will not have any impact on the Total Comprehensive Income.

Under Ind AS deferred tax is to be created between the carrying value of non-depreciable asset and its tax base, following the balance sheet method. However, under IGAAP the same was not required to be created as the deferred tax was created only for the difference between accounting income and taxable income. Accordingly deferred tax liability of Rs. 2,370 lacs has been created by debiting the Retained Earnings on the difference between carrying value of the leasehold land (which was revalued in the earlier years) being the deemed cost under the previous GAAP on the date of transition to Ind AS and its tax base

B Standards Issued but not yet effective

Amendments to Ind AS 21, The Effects of Changes in Foreign Exchange Rates

The amendments to Ind AS 21, Foreign currency transactions and advance consideration clarifies the date of the transaction for the purpose of determining the exchange rate to be used on initial recognition of the related asset, expense or income, when an entity has received or paid advance consideration in a foreign currency. The Company will adopt the amendments w.e.f. April 1, 2018.

The MCA has notified Ind AS 115 "Revenue from Contracts with Customers" which is effective from 1 April 2018. These have not been adopted early by the company and accordingly, have not been considered in the preparation of the financial statements. The information that are expected to be relevant to the financial statements is provided below.

Amendments to Ind AS 115 Revenue from Contracts with Customers

Ind AS 115 establishes a five-step model to account for revenue arising from contracts with customers. Under Ind AS 115 revenue is recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer. The new revenue standard will supersede all current revenue recognition requirements under Ind AS. This standard will come in to force from accounting period commencing on or after 1st April 2018. The Company will adopt the new standard on the required effective date.

**Independent Auditors' Report
To the Members of Graviss Hospitality Limited****Report on the Consolidated Ind AS financial statements**

We have audited the accompanying consolidated Ind AS financial statements of Graviss Hospitality Limited ("the Parent") and its subsidiaries (the Parent and its subsidiaries together referred to as "the Group"), comprising of the Consolidated Balance Sheet as at 31st March, 2018 the Consolidated Statement of Profit and Loss including other comprehensive income, the Consolidated Cash Flow Statement, the Consolidated Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated Ind AS financial statements").

Management's Responsibility for the Consolidated Ind AS Financial Statements

The Parent's Board of Directors is responsible for the preparation of these consolidated Ind AS financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated Statement of Changes in Equity of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated Ind AS financial statements by the Directors of the Parent, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated Ind AS financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Parent's preparation of the consolidated Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Parent's Board of Directors, as well as evaluating the overall presentation of the consolidated Ind AS financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditor in terms of their reports referred to in Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the state of affairs (financial position) of the Group as at 31st March, 2018, and its financial performance including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Other Matters

We did not audit the financial statements of a subsidiary, whose financial statements reflect total assets of Rs. 169.59 lacs as at 31st March, 2018, total revenues of Rs.3.17 lacs and net cash flows amounting to Rs. 3.58 lacs for the year ended on that date, as considered in the consolidated Ind AS financial statements. These financial statements have been audited by other auditor whose reports have been furnished to us by the Management and our opinion on the consolidated Ind AS financial statements, in so far as it relates to the amounts and disclosures included in respect of this subsidiary and our report in terms of sub-sections (3) of Section 143 of the Act, insofar as it relates to the aforesaid subsidiary, is based solely on the reports of the other auditor.

Our opinion on the consolidated Ind AS financial statements, and our report on Other Legal and Regulatory Requirements below, is not

modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditor.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report, to the extent applicable, that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated Ind AS financial statements.
 - (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated Ind AS financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
 - (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), and the Consolidated Cash Flow Statement and Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated Ind AS financial statements.
 - (d) In our opinion, the aforesaid consolidated Ind AS financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.
 - (e) On the basis of the written representations received from the directors of the Parent as on 31st March, 2018 taken on record by the Board of Directors of the Parent incorporated in India, none of the directors of the Parent incorporated in India is disqualified as on 31st March, 2018 from being appointed as a director in terms of Section 164 (2) of the Act.
 - (f) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, to the extent applicable, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditor on separate financial statements as also the other financial information of a subsidiary company as noted in the 'Other matter' paragraph:
 - (i) The consolidated Ind AS financial statements disclose the impact of pending litigations on the consolidated financial position of the Group- Refer Note 37.A to the consolidated Ind AS financial statements.
 - (ii) The Group did not have any material foreseeable losses on long-term contracts including derivative contracts.
 - (iii) There were no amount, which were required to be transferred to the Investor Education and Protection Fund by the Group.
 - (g) With respect to the adequacy of the internal financial controls over financial reporting of the Group and the operating effectiveness of such controls, refer to our separate Report in "Annexure 1".

ANNEXURE 1

To the Independent Auditor's Report of even date on the Consolidated Ind As Financial Statements of Graviss Hospitality Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated Ind AS financial statements of the Company as of and for the year ended March 31, 2018, we have audited the internal financial controls over financial reporting of Graviss Hospitality Limited ("the Parent") and its subsidiary companies, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the of the Parent, its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI)". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely

preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Parent, its subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India".

Other Matters

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to a subsidiary company, which is a company incorporated in India, is based on the corresponding report of the auditor of such company incorporated in India.

57TH ANNUAL REPORT

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS

1. Company Overview:

The consolidated financial statements relate to Graviss Hospitality Limited and its subsidiary companies (referred collectively as the "Group") as at 31st March, 2018. Graviss Hospitality Limited was incorporated in 1959. The Registered Office of the Company is located at Pune. Its shares are listed in Bombay Stock Exchange (BSE). The company and its subsidiaries are engaged in the hospitality business.

2. Basis for preparation, Principles of Consolidation:

The consolidated financial statements of Graviss Hospitality Limited and its subsidiary companies (referred collectively as the "Group") have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (Act) read with Rule 4A of Companies (Accounts) Second Amendment Rules, 2015, Companies (Indian Accounting Standards) Rules, 2015; and the other relevant provisions of the Act and Rules thereunder. The consolidated financial statements have been prepared under historical cost convention basis except for certain financial assets and financial liabilities which have been measured at fair value.

For all the periods upto 31st March 2017, the consolidated financial statements were prepared under historical cost convention in accordance with the accounting standards specified under Section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014. These consolidated financial statements for the year ended 31 March 2018 are the first the Group has prepared in accordance with Ind AS. Refer to note- for information on how the Group adopted Ind AS.

The Financial Statements of the Group have been consolidated on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after fully eliminating the intra group balances and intra group transactions and unrealized profits or losses resulting from intra group transactions. The consolidated financial statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented to the extent possible in the same manner as the Company's separate financial statements. The Financial Statements of the Subsidiary Companies used in the consolidation are drawn up to the same reporting date as that of the Company, i.e 31st March, 2018.

The Group's presentation and functional currency is Indian Rupees (₹) and all values are rounded off to the nearest lacs (INR 00,000), except when otherwise indicated.

The consolidated financial statements were authorized for issue in accordance with a resolution of the directors on 17-05-2018.

3. Companies included in Consolidation:

<u>Subsidiaries</u>	<u>Country of incorporation</u>	<u>% Holding</u>
Graviss Catering Private Limited	India	100
Graviss Hotels & Resorts Limited	India	99.98
Hotel Kankeshwar Private Limited	India	100

4. Use of Judgement, Assumptions and Estimates:

The preparation of the Group's financial statements requires management to make informed judgements, reasonable assumptions and estimates that affect the amounts reported in the financial statements and notes thereto. Uncertainty about these could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in the future periods. These assumptions and estimates are reviewed periodically based on the most recently available information. Revisions to accounting estimates are recognized prospectively in the Statement of Profit & Loss in the period in which the estimates are revised and in any future periods affected.

In the assessment of the Group, the most significant effects of use of judgments and/or estimates on the amounts recognized in the financial statements relate to the following areas:

- Financial instruments;
- Useful lives of property, plant & equipment
- Valuation of inventories
- Measurement of recoverable amounts of assets / cash-generating units;
- Assets and obligations relating to employee benefits
- Evaluation of recoverability of deferred tax assets; and
- Provisions and Contingencies.

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS

5. SIGNIFICANT ACCOUNTING POLICIES

A. Property, plant & equipment

- a) The cost of an item of property, plant and equipment is recognized as an asset only if it is probable that future economic benefits associated with the item will flow to the group and the cost of the item can be measured reliably.
- b) Property, plant and equipment are stated at cost net of tax / duty credit availed, less accumulated depreciation and accumulated impairment loss, if any.
- c) The initial cost of an asset comprises its purchase price or construction cost (including import duties and non-refundable taxes), any costs directly attributable to bringing the asset into the location and condition necessary for it to be capable of operating in the manner intended by management, the initial estimate of any decommissioning obligation (if any) and the applicable borrowing cost till the asset is ready for its intended use.
- d) Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Group.
- e) An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds if any and the carrying amount of the asset) is included in the Statement of Profit and Loss when the asset is derecognised.
- f) Direct expenses incurred during construction period on capital projects are capitalised.
- g) The group has leasehold land which is a finance lease. The carrying amount representing the fair value (revalued before the date of transition to Ind AS) of the leased land, is recognized under Property, Plant and Equipment and is treated as deemed cost on adoption of Ind AS.

B Depreciation

- a) Depreciation on property, plant and equipment (except leasehold land) is provided on the straight line basis, over the useful lives of assets (after retaining the residual value of up to 5%). The useful lives determined are in line with the useful lives as prescribed in the Schedule II of the Act except in case of following assets which are depreciated over their useful life as determined by a Chartered Engineer and Valuer

Asset Description	Useful Life (Years)
Building	30
Air-conditioning plant, cooking machinery, security and fire fighting equipments	15
Furniture & Fixtures including interior design	8

- b) Residual value of building and vehicles is estimated at 5% of the original cost and at nil value for all other assets.
- c) Items of property, plant and equipment costing not more than Rs.5,000 each are depreciated at 100 percent in the year in which they are capitalised.
- d) Expenditure on major repairs and overhauls which qualify for recognition in the item of Property, Plant and Equipment and which result in additional useful life, is depreciated over the extended useful life of the asset as determined by technical evaluation.
- e) Depreciation is charged on additions / deletions on pro-rata monthly basis including the month of addition / deletion.
- f) No depreciation is charged on Land taken on lease, since the group has right to renew the lease for indefinite terms.

C Accounting for Leases

At the inception of an arrangement, the Group determines whether the arrangement is or contains a lease and whether it is a finance lease or an operating lease. If substantially all the risks and rewards incidental to ownership of the leased asset are transferred to the Group as lessee the arrangement is treated as a finance lease otherwise it is considered as an operating lease.

D Inventories

Inventories are stated at cost or net realizable value, whichever is lower. Cost of inventories comprises of expenditure incurred in the normal course of business in bringing inventories to their present location, including appropriate overheads apportioned on a reasonable and consistent basis and is determined on the following basis:

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS

- a Food and Beverages on weighted average basis.
- b Stores and other operating supplies on weighted average basis.

Obsolete, slow moving, surplus and defective stocks are identified and where necessary, provision is made for such stocks.

E Revenue Recognition

Sale of goods and services: Revenue from the sale of goods and services is recognised when the significant risks and rewards of ownership of the goods/services have passed to the buyer. Sale value of goods/services is measured at the fair value of the consideration received or receivable, net of returns and applicable trade discounts or rebates.

Interest income is recognised using Effective Interest Rate (EIR) method.

Dividend income is recognized when the right to receive payment is established.

F Employee Benefits

Short term employee benefits are recognized as an expense at an undiscounted amount in the Statement of Profit & Loss for the year/period in which the related services are rendered.

The Group's post-employment benefit consists of provident fund and gratuity. The Group also provides for leave encashment which is in the nature of long term benefit.

Group's contributions to provident fund which is a defined benefit plan, are recognised as an expense in the Statement of Profit & Loss for the year/period in which the services are rendered. The Group's contribution to the Provident Fund is remitted to government provident fund authority based on a fixed percentage of the eligible employee's salary and charged to Statement of Profit and Loss.

The Group operates defined benefit plan for Gratuity. The cost of providing such defined benefit is determined using the projected unit credit method of actuarial valuation made at the end of the year. The Group has created an Employees Group Gratuity Fund which has taken a Group Gratuity Assurance Scheme with the Met Life Insurance company

Obligations on leave encashment are provided using the projected unit credit method of actuarial valuation made at the end of the year.

Actuarial gains and losses are recognised in other comprehensive income for gratuity and recognised in the Statement of Profit & Loss for leave encashment.

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

Past service costs are recognised in profit or loss on the earlier of:

- a The date of the plan amendment or curtailment, and
- b The date that the Group recognises related restructuring costs

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Group recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- a Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- b Net interest expense or income

G Borrowing costs

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing costs that are attributable to the acquisition or construction of qualifying assets (i.e. an asset that necessarily takes a substantial period of time to get ready for its intended use) are capitalized as a part of the cost of such assets till the month in which the asset is ready for use. All other borrowing costs are charged to the Statement of Profit & Loss.

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS

H Foreign Currency Transactions

Monetary items:

Transactions in foreign currencies are initially recorded at their respective exchange rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at spot rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in Statement of Profit & Loss.

Non – Monetary items:

Non-monetary items that are measured in terms of historical cost are recorded at the exchange rates at the dates of the initial transactions

I Provisions, Contingent Liabilities and Contingent assets

- a) Provisions are recognized when there is a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expenses relating to a provision are recognised in the Statement of Profit & Loss net of any reimbursement.
- b) If the effect of time value of money is material, provisions are shown at present value of expenditure expected to be required to settle the obligation, by discounting using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.
- c) Contingent liabilities are possible obligations arising from past events and whose existence will only be confirmed by occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group, or present obligations where it is not probable that an outflow of resources will be required to settle the obligation or the amount of the obligation cannot be measured with sufficient reliability. Contingent liabilities are not recognized in the financial statements but are disclosed unless the possibility of an outflow of economic resources is considered remote.
- d) Show-cause notices issued by various Government Authorities are not considered as obligation. When the demand notices are raised against such show cause notices and are disputed by the Group, these are classified as disputed obligations.
- e) Contingent Assets are not recognised but reviewed at each balance sheet date and disclosure is made in the Notes in respect of possible effects that arise from past events and whose existence is confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group and where inflow of economic benefit is probable.

J Fair Value measurement

- a) The Group measures financial instruments at fair value at each balance sheet date.
- b) Fair value is the price that would be received on selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Group has access at that date.
- c) While measuring the fair value of an asset or liability, the Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure the fair value using observable market data as far as possible and minimising the use of unobservable inputs. Fair values are categorised into 3 levels as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices that are observable for the assets or liability, either directly (i.e. as prices for similar item) or indirectly (i.e. derived from prices)

Level 3: inputs that are not based on observable market data (unobservable inputs)

K Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in the following categories

Financial Assets at amortised cost

Financial assets at fair value through profit or loss (FVTPL)

Financial Assets at amortised cost

A financial assets is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows, if any, that are solely payments of principal and interest, if applicable (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to trade and other receivables.

Financial assets which are considered as receivable on demand at any time, are not discounted on initial recognition and on subsequent measurement.

Financial assets at FVTPL

Any financial asset, which does not meet the criteria for categorization as at amortized cost is classified as at FVTPL.

Equity investments in subsidiaries

Investment in subsidiaries are accounted for at cost in standalone financial statements.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the balance sheet) when:

- a) Rights to receive cash flows from the asset have expired, or
- b) The group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement? and either (a) the group has transferred substantially all the risks and rewards of the asset, or (b) the group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the group continues to recognise the transferred asset to the extent of the group's continuing involvement. In that case, the group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the group could be required to repay.

Financial liabilities

Initial recognition and measurement.

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Group's financial liabilities include trade and other payables, loans and borrowings.

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS

Subsequent measurement

Financial liabilities are measured subsequently at fair value through profit or loss.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method.

Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

This category generally applies to borrowings.

Financial liabilities which are considered as repayable on demand at any time, are not discounted on initial recognition and on subsequent measurement.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

L Classification of Assets and Liabilities as Current and Non-Current:

All assets and liabilities are classified as current if they are expected to be realised / settled within twelve months after the reporting period. All other assets and liabilities are considered as non-current.

M Impairment**Financial Assets**

Loss allowance for expected credit losses is recognised for financial assets. The Group recognises life time expected credit losses for all trade receivables that do not constitute a financing transaction. For financial assets whose credit risk has not significantly increased since initial recognition, loss allowance equal to twelve months expected credit losses is recognised. Loss allowance equal to the lifetime expected credit losses is recognised if the credit risk on the financial instruments has significantly increased since initial recognition.

Non-financial Assets

At each Balance Sheet date, an assessment is made of whether there is any indication of impairment. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of the asset's or Cash-Generating Unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets.

When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

N Taxes on Income**Current Tax**

Income-tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, by the end of reporting period.

Deferred tax

Deferred tax (both assets and liabilities) is calculated using the balance sheet method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences except in respect of taxable temporary differences associated with investments in subsidiaries when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised. The amount of deferred tax assets is reviewed at each reporting date.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Current tax and Deferred Tax items are recognised in correlation to the underlying transaction either in the Statement of Profit & Loss, other comprehensive income or directly in equity.

O Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

Diluted earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period, adjusted for the effect of all dilutive potential equity shares.

P Cash and Cash equivalents

Cash and cash equivalents include cash at bank, cash, cheques and draft on hand. The Group considers all highly liquid investments with a remaining maturity at the date of purchase of three months or less and that are readily convertible to known amounts of cash to be cash equivalents.

Cash Flows

Cash flows are reported using the indirect method, where by net profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities are segregated.

Q Government Grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is treated as deferred income and released to the statement of profit and loss over the expected useful lives of the assets concerned.

NOTE '37' – A. CONTINGENT LIABILITIES:

- i Bank Guarantees given to the extent of Rs. 33.49 lacs (previous year Rs. 33.49 lacs).
- ii During the year the Company has received order in favour from Appellate Tribunal for the assessment year 2009-10 and received refund. The Company is hopeful of getting the order in favour from the Appellate Authorities in respect of income tax demand of Rs. 5.17 lacs for the assessment year 2012-13 since the Company has got the tribunal order in its favour in respect of the similar disallowances/additions to income relating to earlier years and accordingly no provision is made for the same in the financial statements.
- iii In the matter of VAT demand and penalty of Rs. 88 lacs for the year 2010-11, the Company is hopeful of getting the order in its favour and hence has not made provision for the same in the financial statements.
- iv The Company has received Show Cause notice from Service Tax Authorities denying the utilization of input tax credit of one unit against the tax payable of another unit for the years 2009-10 to 2012-13 for an amount of Rs. 101lacs. The company has replied to the Commissioner. The company has been legally advised that they would not result in outflow of the resources, considering various judgements in favour the Company on similar issue.

B. Capital and Other Commitments

Estimated amount of contracts remaining to be executed on capital account and not provided for is approximately -NIL (previous year NIL). The Company has an export obligation to the extent of Rs 18.06 lacs on account of concessional rate of duty availed under EPCG License Scheme on procurement of capital goods and the same is expected to be fulfilled by way of exports.

Note: Commitments which are material and which will result in a penalty disproportionate to the benefits involved, based on the judgement of the management are only disclosed.

46. Due to losses, no provision for current tax has been made. Deferred tax of Rs. 20.17 lacs is not recognized considering the probability of reversal in case of unabsorbed losses.
47. Amounts if any due to Micro, Small and Medium Enterprises under Micro, Small and Medium Enterprises Development Act, 2006 could not be disclosed as such parties could not be identified from the records of the Company.
48. The Company does not have any asset whose useful life is different from the significant part of that asset.
49. Current and non-current classification of assets and liabilities in the balance sheet has been made based on the professional judgement of the management.
50. Hospitality business is the Company's only business segment and hence disclosure of segment-wise information is not applicable under Ind AS 108 Operating Segments.
51. The accumulated losses of Graviss Catering Private Limited, a subsidiary, are more than the net worth. In the opinion of the management, having regard to the long term interest of the holding Company in the Company and considering that the Company gets regular orders of decoration and earns sufficient margin to meet the fixed costs which will enable the Company to recoup the losses incurred, the going concern assumptions are not affected.
- The accumulated losses of Graviss Hotels and Resorts Limited, another subsidiary, are more than the net worth. The subsidiary had purchased lands at various places viz. Shirdi and Alibaug for construction of hotels. Due to change in business plans, the subsidiary is exploring to sell these lands. In assessment of the management, the market value of the lands alongwith buildings constructed so far is more than the book values and therefore the preparation of financial statements of the subsidiary (included in the preparation of the consolidated financial statements) on going concern basis is not affected.
52. In the opinion of the management there are no indications that the assets of the company may be impaired as on the balance sheet date.
53. "Advances on Capital Account against Purchase of Land" includes an amount of Rs. 270 lacs being the advance paid to three parties for purchase of lands against a total consideration of Rs. 2,832 lacs. Since the lands were not capable of being developed, the company issued a notice of termination of agreements entered into with the parties and invoked Arbitration. The arbitrator has been appointed and the arbitration proceedings are pending. The company is hopeful of getting decision in its favour and hence considers the advance good of recovery.
54. The Conveyance of the Agricultural lands at Alibaug and Shirdi which were purchased in 2007 for the beneficial interest of the Company in terms of the resolutions of the Board of Directors of the Company, are in the name of Mr Gaurav Ghai the Joint Managing Director of Graviss Hospitality Limited, the holding company and Mr Ravi Ghai, the Chairman and Managing Director of Graviss Hospitality Limited, the holding company respectively.

NOTE '56' – FAIR VALUE MEASUREMENTS:

The following disclosures are made as required by Ind AS-113 pertaining to Fair value measurement:

(a) Accounting classification and fair values

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in current transaction between willing parties, other than in a forced or liquidation sale.

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy. It does not include fair value information for financial assets and financial liabilities not measured at fair value if the carrying amount is a reasonable approximation of fair value.

Financial Liabilities	Carrying amount at Amortised Cost		Fair value	Fair value measurement hierarchy level

As on 31 March 2017 Fixed Rate Borrowings	—	—	—	—
As on 1 April 2016 Fixed Rate Borrowings	—	—	—	—

(b) Measurement of fair values:

The following tables shows the valuation techniques used in measuring Level 2 fair values.

Type	Valuation technique
Fixed Rate Borrowings	Discounted cash flows: The valuation model considers the present value of expected payment discounted using appropriate discounting rates.

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS

Financial risk management

The Company has exposure to the Credit risk, Liquidity risk and Market risk arising from financial instruments.

Risk Management Framework: The Company's Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Board of Directors has established the Risk Management Committee (RMC), which is responsible for developing and monitoring the Company's risk management policies.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits to control / monitor risks and adherence to limit. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

The Audit Committee oversees how management monitors compliance with the company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to risks faced by the Company. The Audit Committee is assisted by internal audit. Internal audit undertakes reviews of risk management controls and procedures, the results of which are reported to the Audit Committee.

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company's financial risk management policy is approved by the Board of Directors.

Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables.

Trade receivables: The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period.

The following table provides information about the exposure to credit risk and measurement of loss allowance using Life time expected credit loss for trade receivables:

Cash and cash equivalents:

The Company held cash and cash equivalents of Rs 154.26 lacs as at 31 March 2018 (31 March 2017-Rs. 73.91, 1st April 2016-Rs 158.45 lacs). The cash and cash equivalents are held with reputed banks.

Liquidity Risk:

The Audit Committee oversees how management monitors compliance with the company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to risks faced by the Company. The Audit Committee is assisted by internal audit. Internal audit undertakes reviews of risk management controls and procedures, the results of which are reported to the Audit Committee.

Liquidity Risk:

Market risk is the risk that changes in market price such as foreign exchange rates, interest rates and commodity prices, will affect the Company's income or value of its financial instruments. Market risk is attributable to all market risk sensitive financial instruments including foreign currency receivables and payables, long term debt and commodity prices. The Company is exposed to market risk primarily related to foreign exchange rate risk, interest rate risk and commodity price risk.

Interest rate risk:

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing investments because of fluctuations in the interest rates, in cases where the borrowings are measured at fair value through the Statement of profit and loss. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing investments will fluctuate because of fluctuations in the interest rates.

Exposure to Interest rate risk:

Company's interest rate risk arises from borrowings. The interest rate profile of the Company's interest-bearing long term financial instruments is follows:

Particulars	31st March 2018 (Rs. in lacs)	31st March 2017 (Rs. in lacs)
Fixed-rate instruments		
Financial liabilities - measured at amortised cost	—	—
Variable-rate instruments		
Financial liabilities - measured at amortised cost	345	331
Total	345	331

Cash flow sensitivity analysis for variable-rate instruments: A reasonably possible decrease by 100 basis points in interest rates at the reporting date would have positive impact (before tax) by Rs 3.45 lacs and Rs. 3.31 lacs for the outstanding balances as on 31st March 2018 and 31st March 2017 respectively. Similarly a reasonable possible increase by 100 basis points in interest would have negative impact (before tax) by same amounts.

Currency risk:

The Company is exposed to currency risk on account of its operating and financing activities. The functional currency of the Company is Indian Rupee.

To the extent the exposures on purchases and borrowings are not economically hedged by the foreign currency denominated receivables, the Company uses derivative instruments, like, foreign exchange forward contracts to mitigate the risk of changes in foreign currency exchange and principal only swap rates. Company does not use derivative financial instruments for trading or speculative purposes.

The Company evaluates exchange rate exposure arising from foreign currency transactions and the Company follows established risk management policies including the use of derivatives like foreign exchange forward contracts to hedge exposure.

Sensitivity analysis:

A reasonably possible strengthening of the Indian Rupees against USD at March, 31 by NIL would have positive impact (before tax) by Rs NIL and Rs NIL for the net outstanding balance as on 31-03-2018 and 31-03-2017 respectively. Similarly a reasonably possible weakening of the Indian Rupee against USD would have a negative impact (before tax) by same amounts.

57. Disclosures as required by Indian Accounting Standard (Ind AS) 101 - First Time Adoption of Indian Accounting Standards

(A) First Time Adoption of Ind AS

The consolidated financial statements for the year ended 31st March 2018, are the first the Group has prepared in accordance with Ind AS. For periods up to and including the year ended 31 March 2017, the Group prepared its consolidated financial statements in accordance with accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP).

Accordingly, the Group has prepared consolidated financial statements which comply with Ind AS applicable for the year ended 31st March 2018, together with the comparative period data as at and for the year ended 31st March 2017. In preparing these consolidated financial statements, the Group's opening balance sheet was prepared as at 1st April 2016, i.e. the Group's date of transition to Ind AS. This note explains the mandatory exceptions and optional exemptions availed by the Group in restating its Indian GAAP consolidated financial statements, including the balance sheet as at 1st April 2016 and the financial statements as at and for the year ended 31st March 2017.

(i) Mandatory exceptions:

a) Estimates:

The estimates as at 1 April 2016 and 31 March 2017 are consistent with those made for the same dates in accordance with Indian GAAP (after adjustments to reflect any differences in accounting policies). The estimates used by the Group to present these amounts in accordance with Ind AS reflect conditions as at 1 April 2016, the date of transition to Ind AS and as at 31 March 2017.

b) Derecognition of financial assets & financial liabilities

The Group has applied the de-recognition requirements in Ind AS 109 prospectively for transactions occurring on or after the date of transition to Ind AS.

c) Classification and measurement of financial assets

The Group has classified the financial assets in accordance with Ind AS 109 on the basis of facts and circumstances that exist at the date of transition to Ind AS.

d) Impairment of financial assets

At the date of transition to Ind AS, the group has determined that assessment of significant increase in credit risk since the initial recognition of a financial instrument would require undue cost or effort, the group has recognized a loss allowance at an amount equal to lifetime expected credit losses at each reporting date until that financial instrument is derecognized.

(ii) Optional exemptions (allowed as per Ind AS 101)

a) Use of Deemed cost

The group has elected to use previous GAAP revaluation of leasehold land (finance lease) which is the carrying value of the said land under the previous GAAP as deemed cost on the date of transition to Ind AS.

The group has elected the option of carrying value as deemed cost for all other Property, Plant & Equipment as at the date of transition to Ind AS.

b) Business Combinations

Ind AS 101 provides the option to apply Ind AS 103 prospectively from transition date and accordingly the Group has elected to apply the same prospectively from transition date.

Equity As Per Ind-AS		20,650	21,037

A Defined Employee Benefit Liabilities

Both under Indian GAAP and Ind AS, the Group recognised costs related to its post-employment defined benefit plan on an actuarial basis. Under Indian GAAP, the entire cost, including actuarial gains and losses, are charged to Statement of Profit or Loss. Under Ind AS, remeasurements [comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets excluding amounts included in net interest on the net defined benefit liability] are recognised in OCI. Due to this, for the year ended 31 March 2017, the employee benefit cost is reduced/increased by Rs 72 lacs and remeasurement gains/ losses on defined benefit plans has been recognized in the OCI.

B Deferred Tax

Under Ind AS, Deferred Tax items are recognised in correlation to the underlying transaction either in the Statement of Profit & Loss, other comprehensive income or directly in equity. Accordingly deferred tax relating to employee benefits as above is reclassified from Statement of Profit & Loss to Other Comprehensive Income. This adjustment will not have any impact on the Total Comprehensive Income.

Under Ind AS deferred tax is to be created between the carrying value of non-depreciable asset and its tax base, following the balance sheet method. However, under IGAAP the same was not required to be created as the deferred tax was created only for the difference between accounting income and taxable income. Accordingly deferred tax liability of Rs. 2,370 lacs has been created by debiting the Retained Earnings on the difference between carrying value of the leasehold land (which was revalued in the earlier years) being the deemed cost under the previous GAAP on the date of transition to Ind AS and its tax base

C Capital Grant

The Group had availed government grant in the form of duty exemption on import of Plant & Machinery in earlier years for which the export obligation is still pending. The said grant was deducted from the carrying amount of fixed asset as permitted under Indian GAAP. As per Ind AS 20, Accounting for Government Grants and Disclosure of Government Assistance, such a grant is required to be accounted by setting up the grant as deferred income on the date of transition and amortizing it over the useful life of the asset in the proportion in which depreciation expense is recognised. Accordingly, an amount of Rs 18.06 lacs has been added to the cost of Capital Work in Progress and deferred income under Non-current liabilities has been recognized for the same amount, as at the date of transition to Ind AS. Since the machinery purchased is still in Capital Work in Progress, no amortization is required and no amount of deferred income is taken to profit and loss account. This adjustment will not have any impact in the Equity.

B Standards Issued but not yet effective**Amendments to Ind AS 115 Revenue from Contracts with Customers**

Ind AS 115 establishes a five-step model to account for revenue arising from contracts with customers. Under Ind AS 115 revenue is recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer. The new revenue standard will supersede all current revenue recognition requirements under Ind AS. This standard will come in to force from accounting period commencing on or after 1st April 2018. The Company will adopt the new standard on the required effective date.

The MCA has notified Ind AS 115 "Revenue from Contracts with Customers" which is effective from 1 April 2018. These have not been adopted early by the group and accordingly, have not been considered in the preparation of the financial statements. The information that are expected to be relevant to the financial statements is provided below.
